IDEAS FOR SELF GUIDED TOUR

ARMANI/SILOS

"I chose to call it Silos," says Armani, "because that is where the grain, material for living, was stored. And so, like food, clothing is also needed for living".

Near the Navigli, Milan's ancient river canals, in the now trendiest heart of the former industrial district of Via Tortona, headquarters of stylists, creatives and designers, where once stood a building used for storing cereals by the multinational Nestlé, **Armani/Silos** was born in 2015.

Here lives **the essence of the designer's work**, the celebration of a life dedicated to the cult of beauty, elegance and sophistication in his adopted city, Milan. An unexpected space where Giorgio Armani offers a vision of his world. The dream of a measured and timeless aesthetic that has not only changed the way we dress, but above all the way we think about fashion.

Address: V. Ambrogio Bergognone da Fossano, 40, 20144 Milan MI

Hours: Check the website <https://www.armanisilos.com> for opening hours

Tickets: Individuals are suggested to book on the official website or directly at the ticket office
